

## CUSTOM DEVELOPMENT AND MANUFACTURING

Innovize offers custom development and manufacturing solutions – including converting, contract manufacturing and packaging – for components or finished medical devices.

## OWNERSHIP

Innovize is privately held, and owner-operated.

## LOCATIONS

Headquarters and Manufacturing Location: 500 Oak Grove Parkway, St. Paul, MN

Sales Offices: Alabama and Minnesota

## WHY WORK WITH US

For more than 60 years, the Innovize team has developed expertise helping clients with custom product development and production solutions. Over the course of relationships, Innovize customers have recognized our “Uncommon Offering” as:

- Dedicated and resourceful team
- Innovated development and manufacturing
- Custom solutions

## CAPABILITIES

Innovize is a contract manufacturer specializing in medical converting. Providing innovative solutions, the company produces subassembly components and finished medical devices. Capabilities include slitting; laminating; die and laser cutting; rotary, digital, and screen printing; and clean room / dry room production and packaging.

### *Die cutting capabilities:*

- Rotary die cutting
- Slitting
- Flatbed die cutting
- Matched metal die cutting
- Steel rule die cutting
- Rotary laser cutting
- Sonic bonding and perforating

### *Lamination capabilities:*

- In-line laminating / die cutting
- Island placement
- Pressure sensitive adhesives
- Hot melt adhesives
- Pattern coated adhesives
- Heat forming and bonding

### *Engineering capabilities:*

- Materials selection and optimization
- R & D lab for prototyping and testing
- Building custom equipment for unique production requirements

### *Printing capabilities:*

- Flexographic printing
- Screen printing
- In-line inkjet, laser printing or thermal transfer variable printing; lot code, DOM, graphics

### *Clean room / Dry room capabilities:*

- ISO Class 7 & 8 (10,000 & 100,000)
- 10% Humidity
- Rotary die cutting
- Flatbed die cutting
- Laminating
- Assembly
- In-line and semi-automated pouching
- Packaging

### *Quality*

- ISO 9001:2015 Certified
- ISO 13485:2016 Certified
- FDA Registered
- GMP Compliant
- Korean GMP
- CMMI MDDAP Assessed
- Process and package validation
- Product and package testing
- Turnkey sterilization and bio burden testing

## SERVICES

- Product Development
- Manufacturing
- Supply Chain Management
- Inventory Management
- Custom Solutions

## STATISTICS

Name: Innovize  
Address: 500 Oak Grove Parkway, St. Paul, MN 55127
